

Dear Candidate

Thank you for your interest in the role of strategy director at Green Alliance.

Tamsin Cooper is stepping down from the role after seven successful years to take up a new post as head of strategy for Defra. This is an opportunity for an exceptional individual to have as big an impact on Green Alliance and the issues we care about as Tamsin has. Green Alliance has a proud track record of political impact. We now need to take the organisation into a new phase. We are looking for someone who is deeply inspired by our mission, and keen to have a positive impact in a complex political landscape.

The successful applicant will play an important role in overseeing Greener UK and steering the environment sector through the final stages of Brexit. They will also play a part in shaping Green Alliance's strategy and maintaining our credibility, with a particular role in developing projects and raising income.

Green Alliance has a dedicated, highly skilled and friendly staff team, and the goodwill and support of a wide network of partners in business, government, NGOs and funding bodies. Whoever takes on this role will be central to maintaining, nurturing and growing these relationships.

This is an exciting opportunity and I hope you will consider applying. If you would like to discuss the role with me, please contact Josie Evetts jevetts@green-alliance.org.uk to arrange a call.

I look forward to receiving your application.

Kind regards
